Online Application Process (for non-university partner students interested in attending Academy 2022)

The application process for this year's cohort has four parts. Each applicant must create an introduction video, complete the profile form, send a letter of recommendation and share their resume. **PLEASE READ THIS**

DOCUMENT CAREFULLY AND CONSULT THE CHECKLIST BELOW TO COMPLETE YOUR APPLICATION. Detailed instructions follow to help you prepare and submit your complete application.

APPLICATION CHECKLIST

- Introduction video
- Google profile form
- Resume (required) and cover letter (optional)
- Letter of recommendation

All items must be received by Monday, October 10, 2022 at 6 p.m. EST.

INTRODUCTION VIDEO:

A video can capture the essence of who you are and give Academy staff a chance to get to know you better. Each video must be no longer than 2.5 minutes in length. The video should include responses to the following questions:

- 1) What makes you the perfect candidate for AdPR Academy's 6th cohort?
- 2) What is one example of how you have impacted your community?
- 3) What do you want to accomplish in the first 2 years of your professional career?
- 4) Optional: What else would like Academy staff to know about you?

Dos:

- Be creative. The video should reflect your style and personal brand.
- Ensure you speak directly to camera for at least 1.5 minutes. The balance of time can include voiceover and feature footage of you from extra-curricular activities, volunteer efforts, leadership roles, etc. if you desire.
- Shoot on a simple background and be well lit. It is important that we can clearly see and hear you.
- Shoot your video horizontally.
- Upload and create a **private URL link**, preferable from Vimeo or YouTube. Videos from personal websites are also acceptable. WeTransfer should only be used as a last resort and approval must be requested from the Academy Director (adpracademy@uga.edu).

Don'ts:

- Use inappropriate language that could be perceived as offensive or rude.
- Use the video to outline your academic studies (you will submit your resume and a cover letter to highlight this information).
- Reframe the video questions as lead in phrases for your responses. Develop your answers and then weave together a story about you that is captured on video. That will be more compelling.
- Exceed video length requirements. Videos over the required length will **NOT** be reviewed. Best to cut videos at 2.25 minutes.
- Use excessive transitions or fades.

GOOGLE PROFILE FORM:

The **2022 Cohort Profile Form** will provide Academy staff with important background information. The form includes a series of fill in the blank and multiple-choice questions. This form must be completed accurately and includes acknowledgement statements to check off before submission. **The form should take less than 10 minutes to complete including uploading required files.**

Have your private video URL and resume available before starting the form.

Please pay attention to the question descriptions to ensure data is entered in the preferred format.

You can access the form [HERE](#).
