The New Media Institute (NMI) is an interdisciplinary teaching and research unit exploring the critical, creative, and commercial components of digital media technology. The NMI offers the New Media Certificate, a credential certifying students' understanding of and proficiency in components of digital media technology.

The Carmical Sports Media Institute offers the most in-depth, yet wide-ranging program of its kind for undergraduates interested in sports reporting and writing, broadcasting, social and digital media and media relations and communication. Students attend the Women's World Cup and the Paralympics.

More Facilities

We have more facilities in our beautiful building, but sometimes they cannot be viewed because of classes or events. Take a look at these places.

First Floor

- Podcast Lab
- Film Production Suite
- Photo and Video Labs
- Cox Mobile News Lab

Third Floor

- Graphics Lab

Fourth Floor

- Studio 404: Podcast Lab

Fifth Floor

- CACHE VR Lab

First Floor

The Social Media Engagement & Evaluation Suite (SEE Suite) is a computer lab, designed for students to gain the skills, experience and knowledge to become leaders in social communication.

The Newsroom is a full-scale broadcast news production space, equipped with a newsroom, production control room and news studio operated by students.

Studio 100 serves as a learning and meeting space for Grady College.

The Field Equipment Room houses video cameras and equipment for students to check out.

Second Floor

The Schnitzer Family Media Lawn is an outdoor space for events, studying and relaxing. The amphitheater features outlets for electronic devices.

The Peyton Anderson Forum (PAF) is a multi-purpose room for students. The garage door opens to the outside.

The Yarbrough Lab is home to Talking Dog Agency, a student-run public relations and advertising agency where students work with real clients.

The Dean's Suite is the office for Charles N. Davis, the Dean of Grady College. He was appointed in 2013 and leads the strategic and academic missions of the College and teaches classes.

Third Floor

The Peabody Media Center is a scholarly research center and media production arm of the prestigious Peabody Awards. The Peabody Awards honor the most invigorating stories in broadcasting, streaming and interactive media. Each year, Peabody Awards are bestowed upon a curated collection of stories that capture society's most important issues.
