### Additional things to know

- All Grady College graduate courses are 3 credit hours, while GRSC (GradFIRST) is 1 credit hour.
- It is permissible to take and count different sections of “Special Topics” courses, provided they have different titles and cover different topics; that is, you could take two different JRMC 8130 courses or two different JRMC 8160 courses, if they are covering different content.
- On occasion, some Grady College graduate courses may be offered online. This is particularly true for Maymester and summer courses. Online courses have an “e” at the end of the course number (e.g., JOUR 7320e). For credit purposes, an online course is considered the same as its in-person version.
- You may not count the undergraduate version of a split-level or cross-listed course for graduate credit (e.g., if you were enrolled in ADPR 5750 in the split-level course ADPR 5750/7750, you would receive undergraduate credit). At the same time, you may count the graduate version of a split-level or course-listed course for graduate credit (e.g., if you were enrolled in ADPR 7750 you would receive graduate credit). Also, to be clear, if you completed a particular split-level course for undergraduate credit (e.g., ADPR 5750), you may not complete the graduate version (JOUR 7750) for graduate credit.
- All 9000-level courses require permission of advisor for enrollment.
